

Labor Board Will Not Alter Stand At Hearing Tomorrow

Any Settlement Proposal Must Come From Union Chiefs or Railroad Heads

Optimism Rules

"Great Hope" of Settling Strike, Says Board—Train Service Alone Holds Out

Chicago, Oct. 24.—The United States Railroad Labor Board does not intend to present any plan for settlement of the railroad strike situation when union and carrier chiefs convene with it Wednesday in response to its citation, and any such proposal must emanate from the labor leaders or the railroad heads, board members declared tonight.

Board members explained that the hearing technically is to determine if the transportation act has been violated and that they had decided at informal meetings that it was their duty to see that provisions of the railway law were made effective, although they would take any steps which might tend toward promoting a clearing up of the crisis.

At the same time, the board formally announced that "there was great hope for settling the strike." All of the 1,400 union men and the 155 railroads summoned must appear every session, the board stated, and the Commission, the scene of many great gatherings, has been hired for the hearing, which will be open to the public.

From the labor side came announcements that the 15,000 signalmen will not be authorized to strike, thus limiting the prospective strikers to 175,000 trainmen, conductors, switchmen, engineers, firemen and locomotive men, and increasing the number of those who have pledged not to walk out to about a million a half.

The information that the Labor Board would not go into the conference with any specific plan for solution of the rail difficulties followed an announcement from the board that the presidents of the Big Four brotherhoods in a telegram had again urged the board that the strike could not under any circumstances be postponed, although it might be settled.

The message from the brotherhood chiefs was looked on by board members as especially significant in view of the fact that the board has not been backward in letting it become known that the hearing is expected to drag out for some time and that it is depending on the union chiefs to obey orders not to permit a strike pending a decision from the conference. "This decision, members of the board said, undoubtedly would not be rendered until after October 30, the date set for the start of the progressive walk-out."

No Open Break in Unions

Cleveland, Oct. 24.—Warren S. Stone, president of the Brotherhood of Locomotive Engineers, tonight declared there is no open break between the "Big Five" railroad transportation organizations and the organizations of shop crafts which have voted not to join in the strike set to begin October 30.

"There is no open break. The situation is very much overdrawn. Each organization is free to use its own judgment. Each organization preserves its own autonomy."

This was the president's reply when asked if the action of the shop crafts in voting not to follow the lead of the "Big Five," indicated an open rupture of relations.

Some of the subordinate brotherhood officials intimated, however, that there was a strong possibility in their judgment that many of the members of other railroad labor organizations would follow the members of the "Big Five" in the event they leave the service, regardless of their leaders' instructions to the contrary.

President Stone also stated that the vice chairmen as well as general chairmen have been summoned to appear Wednesday at the Chicago conference with the Railroad Labor Board.

W. G. Lee, president of the Brotherhood of Railroad Trainmen, in response to telegrams from his general chairman, asking for instructions regarding their appearance in Chicago Wednesday, notified them to obey the Labor Board's citation, adding that the "board's" notice not understood by me as changing or canceling instructions issued or permission given prior to October 21, the date of board's order." (Permission to leave the service was given the trainmen by Mr. Lee prior to the date of the citation in which it was ordered to maintain the status quo).

U. S. WON'T ALLOW STRIKE TO CRIPPLE TRANSPORTATION

Washington, Oct. 21.—A program for concerted action and harmony of effort to prevent a tie-up of the transportation facilities of the country in the event of a railroad strike, was decided upon today by Attorney General Daugherty in conference with United States district attorneys from the cities.

The district attorneys, who met with the attorney general were Harlow of New York, Clyde of Chicago, West of Cleveland, Lockwood of Buffalo and VanNoy of Indianapolis.

Professing his disbelief in the possibility of a general railroad strike materializing, Mr. Daugherty declared the conference was called for an "understanding in an emergency." Beyond mention of the conspiracy laws, he did not discuss the declared department's plans, but declared that it was based on the strength

MONDAY'S DEVELOPMENTS IN THE STRIKE SITUATION

(By The Associated Press)

Chicago—Railroad Labor board announces there is "great hope" that the scheduled strike can be settled and warns public to refrain from "loose talk" about roads or unions.

Labor board receives word from Big Four brotherhood chiefs reiterating warning that strike cannot be postponed, although it may be settled.

The Coliseum, scene of many national political conventions, is selected by the board for strike hearing with 1,600 rail and union chiefs beginning Wednesday. Public invited to attend announcement made that the 1,600 executives must attend every session.

Official of Signalmen's union, representing 15,000 rail employees, vote not to authorize walk-out at present, thus limiting prospective strikers to 475,000 trainmen, conductors, engineers, firemen, switchmen and telegraphers. Leaders warn signalmen to perform only their regular work, however.

Labor board members say it will not offer any plan of settlement of strike situation at Wednesday's hearing and that any such plan must come from the roads or the unions.

Cleveland—Big Four brotherhood chiefs announce that strike situation is unchanged.

Washington—After a conference with district attorneys from New York, Chicago, Cleveland, Buffalo and Indianapolis, Attorney General Daugherty said he did not believe there would be a strike, but uniformity of policy in any event was determined upon, that the government has the inherent right to regulate the transportation facilities and he mentioned the conspiracy laws.

St. Louis—E. J. Manion, president of the Railway Telegraphers' union, denies report that his 75,000 men may not walk out, and says they positively will stand by the "Big Five" in the proposed strike.

Houston, Texas—International and Great Northern passenger service remains normal and freight service rapidly approaching normal under any circumstances be postponed, although it might be settled.

The message from the brotherhood chiefs was looked on by board members as especially significant in view of the fact that the board has not been backward in letting it become known that the hearing is expected to drag out for some time and that it is depending on the union chiefs to obey orders not to permit a strike pending a decision from the conference. "This decision, members of the board said, undoubtedly would not be rendered until after October 30, the date set for the start of the progressive walk-out."

"The district attorneys came here," Mr. Daugherty said, "for a conference and an understanding in any event and in any emergency. I will not believe there will be a strike, but it is the duty of the department of justice to be prepared in any emergency for prompt action, if necessary."

"Uniformity of procedure and policy was determined upon in any event. They came to discuss fully the various plans of the department in the event of a strike."

Won't Take Sides.

"We did not discuss the merits of the matter in dispute between the railroads and the employees, who have threatened to strike. The department of justice takes the position that it has nothing to do with the merits of the controversy and probably at no time would the merits enter into its policy."

"The department probably would concede that the men have the right to strike, that they have the right to strike in groups, but it would not say that they can strike in groups throughout the country without violating the conspiracy laws by antagonizing the government of the United States."

"The department would not concede there would be no violation of the conspiracy statutes for the great body of men all over the country to agree to paralyze the transportation facilities. The department would say they could strike peaceably but when it comes to the government's interest and the interests of the public in these facilities, the government has the power, right and duty to see that the owners of the railroads give the American people the service they are entitled to."

"More people are interested in the transportation facilities than there are in the controversy, regardless of who is right or who is wrong. This conference was for the purpose of obtaining concerted action and harmony of effort to the end that the railroads may give continued service without any interruption and in order that the public may be served."

"It is the duty of the department to provide for the transportation of people who travel and also of food and fuel with winter coming on. The government has the power and ample authority. It will be prompt and as reasonable as it can but these arteries of commerce must continue to serve the people. Property must be protected, life preserved and order maintained, and the government is big enough to see that this is accomplished."

Before meeting with the district attorneys, Mr. Daugherty called at the White House and is understood to have received President Harding's approval of the department's plans.

MRS. M'KENDRICK DIES AT HOSPITAL, ILL 3 MONTHS

Mrs. James A. McKendrick died at the Fox Memorial hospital this morning at 2 o'clock, following a three months' illness. Mrs. McKendrick, 62, was a resident of the local Fowler dry-goods store. Announcement of the funeral, with further details, will be given in tomorrow's issue.

FORD ON HOW TO RUN A RAILROAD

First of All, He Would Get Rid of the Individual Stockholder, a "Parasite"

FIRE THE LOAFERS

Lighter Rolling Stock Also Favored by the Famous Detroit Manufacturer

Washington, Oct. 24.—Henry Ford, writing in the current number of the official publication of the Chamber of Commerce of the United States, tells how he would run a big railroad. Mr. Ford's operation of his own road, the Detroit, Toledo and Irontown, has been the subject of much discussion among railroad men and the public.

First of all, says Mr. Ford, he would get rid of the individual stockholder, who he considers a parasite; then he would turn to lighter rolling stock and finally, "fire the useless employees, especially the lawyers."

Finance as it applies to railroads, says Mr. Ford, is a failure and the roads spend money uselessly in red tape of all sorts, particularly in accounting.

"The real purpose of a railroad," Mr. Ford writes, "is to serve the public. There is no reason why it should be diverted from the service and set to doing an entirely different thing, putting money into the pockets of stockholders who make no contribution to the road's actual operation. In the end, the public pays the dividends. They are a tax on the whole people."

Get Employees Interested.

"There is a possible and practical system of financing railroads by which those contributing the money will be in positions to act directly to the success of the undertaking. If the brakeman on a railroad owns stock in it, he has an additional inducement to competent service. If the railroad is a success, it is due to him and his fellow workmen and they are entitled to the profit."

"Railroads should not have to go to banks for money. They can be otherwise financed. The first thing is to make a railroad work. Make it possible for people to use it as much as they want it. Then there will be no trouble about finances. The trouble is that we start with finance and expect finance to make the road go. Finance can't do that. Finance is a failure."

"Of course, if such a course were attempted, we could expect a great outcry for the protection of investors' capital. It would be said that people have bought the stocks for the financial protection of their families, their children. Protection from what? From the necessity of earning their living. Their children would be better off if they had to finance themselves. Proper financing would, of course, be easier on new roads. On the old ones, however, it should be possible to retire the parasite, the stockholder, and get the ownership into the proper hands."

"After removing this dividend drain, the second step would be to remove the great physical burden of the railroads—needless weight of its rolling stock. A freight train is several times the weight of the load it carries, and a passenger train is 20 times as heavy. The cost of pulling empty trains is needless waste. Make it lighter. The efficiency of the bicycle, which weighs 20 pounds and will carry a man who weighs 200 pounds."

"On the Detroit, Toledo and Irontown, the old types of engine and cars will be displaced by better types. Our patents will guarantee the free use of ideas. We will never proceed against anybody for infringement of our patents, which will belong to the world."

"The third step, an immediate step which should be taken in the operation of any great railroad system, would be that of expediting the journey of the freight carrier. By speeding up our freight over the preliminary part of its journey on the D. T. & I. we have been able to shorten the time of its delivery by twelve days. This means that our products get to the people to whom we sell it from seven to fourteen days quicker than it used to. It means that we carry on our books \$30,000,000 less undelivered products than we otherwise would."

World Fire Legal Staff.

"Most railroads have enough lawyers working for them to operate them if they were engaged in useful work. One of the first things is to

dispense with the legal staff. A well-managed road needs less of that sort of service. The lawyers are mostly in the claim department, which is one of the most wasteful branches of railroad operation. Any small claim against a railroad is very likely to hook about the claims department for weeks or months, to cost many times as much as it would to pay it. Proper organization would lead, at the time it is first presented, to establishing the facts about it and settling it on the basis of justice. It would keep all this detail out of the books."

"The bookkeeping of railroads is complicated far beyond all necessity. We have simplified this department, reduced its cost and have transformed it into an actual help to the railroad instead of a vexation and a burden. How did we do it? By viewing the whole proposition as a service to the users of railroads and making everything fit into that, instead of having the fear of stockholders and dividends before our eyes. Our faith is that service will pay. Finance does not come first. Work comes first."

"We don't claim to have done anything new in railroading—yet. We have only taken the old system of operation and cut off its obvious absurdities. Even the old system of railroading brought up to efficiency would be an immense change for this country. We have simply cut out the loafing of men, the loafing of engines and the loafing of cars."

POLITICAL STORM BREAKS IN SENATE

24-Hour Sessions Proposed Until Much-Debated Revenue Bill Is Disposed Of

Washington, Oct. 24.—Three separate proposals carrying reductions in the taxes on individuals having moderate incomes were voted down today by the senate by overwhelming majorities. Discussion of them led to a hot political fight which culminated in an announcement by Senator Penrose, in charge of the tax revision bill, that on Wednesday there would be submitted a resolution calling for continuous 24-hour sessions of the senate until the revenue measure finally is disposed of.

A "round robin" pledging signers to remain continuously at the capitol or within call, beginning Wednesday, was signed by 28 Republicans and Senator Penrose said that he hoped by tomorrow there would be 49 Republican signers, an necessary majority to pass the resolution through.

Senator Penrose declared that by having continuous sessions, senators who desired to discuss the "shortcomings" of the Federal Reserve Board, the "iniquities" of Wall street and other such subjects, could do so between "4 a. m. and daybreak" without "delaying action on the tax bill."

The first tax amendment defeated today was that by Senator Gerry, proposing that the normal tax rate be two per cent on the first \$5000 of income; four per cent on the second \$5000; six per cent on the third \$5000 and eight per cent on all over \$15,000.

Would Classify Income.

The second amendment was made by Senator Harris, proposing that the rate on the first \$4,000 of "earned" income as distinguished from "unearned" income, would be four per cent and that the rate on the second \$4,000 four per cent, with the rate on all over that eight per cent.

An amendment by Senator Walsh, proposing a three per cent rate on the first \$5,000 of income and a six per cent rate on the second \$5,000, also was defeated.

After the Gerry amendment had been defeated, Senator Leavitt put into the record a statement designed to show that the amendment would aid men of large incomes to a greater degree than it would those with a small or moderate income and that the increased exemptions to heads of families and on account of dependents proposed to be granted would reduce the taxes on individuals receiving \$5,000 or less in proportion to the reductions granted under the surtax rates adopted Saturday.

It was after the defeat of the Gerry amendment that the row between the Democrats and the Republicans, which has been brewing for ten days or more, finally broke. Senator Arthur Hays Sulzberger, off the spark. At the conclusion of an address by Senator Reed, supporting the Harris amendment and assailing the tax bill, the Arizona senator declared that Republicans did not hold night sessions and "move with celerity" in passing the tax measure.

Remembering that "four-fifths of the talk on the tax bill" had been on the Democratic side of the chamber, Senator Penrose announced that beginning tomorrow night there would be night sessions, not, he said, to shut off debate, but to the end that irrelevant talk would be stopped.

London Hears of, Downfall.

London, Oct. 24.—It is reported that former Emperor Charles has been captured by the national army, says a Reuter dispatch from Budapest.

After further fighting, the Karlitz forces dispersed, abandoning Charles to the government troops, according to this information. He was handed over with every mark of consideration to Colonel Falvy, commander of the national army.

IDENTITY OF SLAIN GIRL YET UNKNOWN

Medical Examiner's Office Also Fails to Establish Cause of Her Death

New York, Oct. 24.—Following the discovery of the body of a girl, 15 years of age, in a pond in the Bronx, identification tonight was lacking, despite the utmost efforts of the police.

Neither has the medical examiner's office been any more successful in establishing the cause of death. Even the day of death remains conjectural.

Continuing to the police in the search for clues was the arrival at the morgue of a number of women convinced that the body was that of a missing sister, daughter or friend. Two succeeded in convincing the police that they might even be distantly connected with the murder victim. The others left without seeing the body.

In addition to their efforts to locate the store that sold the old cloth in which the body was wrapped, they had placed in their hands a woman's suit of blue serge which may prove a valuable clue.

This suit, with plaid trimmings, was brought to the police by a man who said his daughters had seen the bundle containing it thrown from an automobile by two men. The measurements of the garments indicated they would have fit the murdered girl, while the material of the suit corresponded with a garment found in the old cloth bundle enveloping the body.

According to Chief Medical Examiner Norris, examination of heart and lungs showed nothing abnormal; there was no evidence of strangulation; the skull had not been fractured; the body had no scars or bruises; and the brain bore no trace of chloroform.

The official description of the body stated that it was that of a "young adult female" with abundant hair of "light fox color" and eyes of dark blue. Indications that the girl might have been of good birth were well-shaped ears of medium size, small hands with nails well manicured and free from marks of hard labor, and the fineness of the hair.

EX-KING KARL MADE PRISONER

Former Emperor of Hungary, With Wife, Surrenders to Hungarian Forces

HIS SECOND FAILURE

Probably Will Not Make Another Attempt as Allies Will Now Decide His Fate

Budapest, Oct. 24.—Ex-Emperor Charles and Ex-Empress Zita were captured today by the Hungarian army and now confined in the castle at Tata, 20 miles, guarded by two companies of government troops.

Colonel Ostenberg's troops covering the retreat of the former rulers were forced to surrender, and are now prisoners.

The second attempt of Charles to reestablish himself on the throne of Hungary was no more of a success than the first. There is not likely to be a third attempt, for Charles now awaits the pleasure of the Allied powers as to his fate.

The episode moved so rapidly that the full details have not yet reached the capital. As far as is known at the present time, Charles managed to push a train of troops to Budapest, a short distance from Budapest, at first he held his own against the forces of Regent Horthy, but when the Horthy troops were reinforced, Charles was compelled to beat a retreat at 5 o'clock Sunday afternoon, closely followed by the Horthy forces to Herceghalom.

Retreat Gained Speed.

The retreat gained speed when it was learned that Colonel Hefjas was marching to take the Karlitz in the rear, and by dawn of Monday the army of Charles had melted away. As the Horthy forces lost all touch with them.

When he realized that the fortunes of war were going against him, Charles sent plenipotentiaries to Budapest in an endeavor to obtain terms. His efforts were without avail. The troops of Charles, realizing that they had been caught between two armies, the government troops in front and the forces of Colonel Hefjas and Baron Prohny behind, fell into panic and Charles soon was left with two solitary companies of men, who were obliged to surrender.

Charles and Zita were captured near Komorn. Zita pleaded pitifully to be allowed to go back to her children but her plea was politely though firmly refused. The former royal couple were taken to the mansion of Count Esterhazy at Tata, where they are being carefully guarded until the powers decide what is to be done with them.

U. S. SENATOR INDICTED ON CHARGE OF PERJURY

Phoenix, Ariz., Oct. 24.—An indictment on a charge of perjury against Ralph Cameron, United States senator from Arizona, was returned by the federal grand jury at the instance of the United States district court here, according to a brief entry made in the minute book of the court today.

Washington, Oct. 21.—Senator Cameron said tonight he had received no word of an indictment against him in Arizona, but he understood that certain political foes "had made efforts to obtain an indictment for alleged improper and excessive use of money in his election. He added that he was prepared to disprove any such charges if brought formally."

INTERNATIONAL FISHERMEN RACE IS WON BY BLUENOSE

Halifax, N. S., Oct. 21.—Canada, represented by the Lunenburg schooner, Blue Nose, won the international fishermen's race trophy on this port today, defeating the Gloucester, Mass., entry, Elvie, in the second and deciding race of the championship series. Blue Nose won the first race Saturday.

Both races were sailed over a 40-mile course and the United States craft took the lead on both occasions, then was overtaken and passed by the heavier Canadian vessel and defeated decisively.

Blue Nose proved just as much a success today in light weather as she did on Saturday, when heavy wind prevailed.

Blue Nose was owned by the Lunenburg Fishermen's Association and was captained by Captain J. W. Macdonald. The Gloucester was captained by Captain J. W. Macdonald.

Beer Regulations Issued; Action a Complete Surprise

Senators Say There Was Understanding That Rules Should Not Be Promulgated Now

A Pint a Person

Prescriptions for These Medicines May Be Filled Only by Licensed Pharmacists

Washington, Oct. 21.—Regulations permitting the manufacture and use of beer for medicinal purposes were issued today by the treasury department.

Without since March 3 last, when former Attorney General Palmer held the use of beer as a medicine to be legal under the prohibition laws, the issuance of the beer regulations came as a complete surprise to leaders of the dry forces who declared there had been an understanding with the treasury that the new rules should not be promulgated until the senate had acted on the pending anti-beer bill.

Assurance of beer regulations will cause redoubled efforts to effect the passage of the anti-beer measure, senate leaders declared.

Secretary Mellon, in announcing the issuance of the beer rules, declared that "the legal rights of the parties concerned being plain, the department is unable longer to delay the issuance of these regulations."

Spiruous liquors are limited to one pint to the same person at one time. Prescriptions for these medicines may be filled only within any ten-day period and alcohol for external use was limited to one pint to the same person at one time.

Prescriptions for these medicines may be filled only by a licensed pharmacist or a retail druggist, or a licensed pharmacist in the employ of a retail druggist.

Pharmacists Put on Honor.

Prescriptions are not refillable and the regulations declare that a pharmacist "should refuse to fill any prescription for liquor if he has any reason whatever to believe that physicians are prescribing for other than medical uses or that a patient is abusing through one or more physicians quantities of intoxicating liquor in excess of the amount necessary for medicinal purposes."

"However," he said, "for some time past, it has been strongly urged by those interested that this department had no right to withhold the regulations and that it was doing the department is denying to those interested."

MRS. BURKETT GOES TO PENITENTIARY

Sentence of Woman Who Forged Roosevelt's Name Limited to Three Years

New York, Oct. 24.—Mrs. Emma Richardson Burkett of Hillsdale, Ind., today was sentenced to the penitentiary for forging the endorsement of Theodore Roosevelt in a note for \$50,000. The length of her sentence is limited to three years.

George Burkett, the defendant's husband, asked Judge Talley today to extend clemency.

Burkett, who said he was the woman's fifth husband, told the court he knew about the note but regarded it as another one of his wife's peculiarities.

Judge Talley remarked that as a law abiding citizen Burkett should have tried to prevent Mrs. Burkett from collecting on the note, "which was a source of great annoyance to the family of one of our greatest Americans."

Judge Talley said he had been assured by alienists that Mrs. Burkett was sane.

MATHEWSON GETS \$30,000.

New York, Oct. 24.—A check for \$30,000 was sent today to Christy Mathewson, who is fighting cancer of the throat, by the New York baseball fans at a benefit game for the former Giant pitcher at the Polo Grounds September 30.

GREENWICH VILLAGE FOLLY.

New York, Oct. 21.—Fifty thousand dollars worth of wine was seized today by federal prohibition agents in raiding an attic above a Greenwich village restaurant.

Million Dollar Mail Theft Pulled Off on Broadway

New York, Oct. 24.—Three armed bandits in an automobile forced the driver of a mail truck to stop on Lower Broadway late tonight while they rifled the truck of four pouches of cash valued at \$1,000,000.

The truck was on its way from City Hall station to the Pennsylvania railroad terminal with 17 pouches of mail, 11 of them containing registered matter. The driver had gone only a few blocks when a green automobile containing three men drew alongside. They confronted him with drawn revolvers and ordered him to stop.

They ordered the driver to get out of the truck and ordered the driver to get down from his seat. One held a revolver to the driver's head, he said, while the other pointed a weapon at his stomach.

Forcing the driver to turn over the key, one bandit unlocked the door and pawed over the pouches inside. Seizing four, he transferred them to the automobile, which stood at the curb with its motor running. After threatening to "blow your brains out" if he moved, the driver said, the trio moved off Broadway west, through Leonard street and disappeared.

Manufacture of these medicinal preparations is confined to duly qualified brewers on brewery premises and may be sold by them only in bottles and closed cases.

The right to prescribe distilled spirits, wine and malt liquors for medicinal purposes, is confined by the regulations to such physicians as have obtained permits to prescribe intoxicating liquor. Such a physician, the regulations state, may prescribe "for a person upon whom he is in attendance, if after physical examination of such person, or if physical examination is impracticable, upon the best information obtainable, the physician believes that the internal or external use of such liquor as a medicine by such person is necessary and will afford relief to him from some known ailment."

The new regulations, according to Secretary Mellon, are in accordance with former Attorney General Palmer's interpretation of the law. Their issuance was delayed, he declared, because it seemed probable that legislation would render them of no advantage to those interested and there would be no urgent demand for their issuance.

DELAWARE SUPREME COURT

Many Cases Have Outcome for Long Term—Woods Case vs D. and H. on Trial

Delhi, Oct. 24.—Supreme Court Justice Abraham L. Kellogg of Oneonta arrived in Delhi at 3 p. m. today and court was at once convened. The grand jury was called and William Priest of Massville was made foreman. The charge of the judge was brief but very forcible and at its conclusion the jury took up its duties. It is understood that there are many cases to be heard, among them a goodly number growing out of the violations of the liquor tax law. It is not improbable that the entire week will be required by the grand jury for its work.

Railroad Strike Situation Continues
to Exercise Powerful Influence
Over Market

New York, Oct. 24.—The railroad strike situation continued to exercise a powerful influence over the stock market today, although trustworthy analysis suggested that a compromise offering a compromise of certain differences were actively under way.

Dealings in rails were not especially large and gains in those stocks held within limited bounds but domestic oils also equipments, motors and various affiliated specialties, made extreme advances of one to four points.

Foreign oils denote a recurrence of last week's liquidation of those issues. Royal Dutch and Shell Transport were under intermittent pressure, as was also Mexican Petroleum, in which the shorts finally were driven to cover.

Stocks manifested all of their recent irregularity but the course of those stocks indicated that the speculative element had discounted any unfavorable features of the United States Steel situation, which will be issued after the close of tomorrow's session.

The five percent opening rate for call loans was advanced to 3 1/2 percent at midday and six percent in the final hour.

Liberty issues made only slight gains or losses, but the general run of domestic bonds was firmer than the share list. Foreign bonds were stronger though mainly lower, Cuba Cane 7 1/2 improving, however, on financing prospects.

GREENWICH FOLLIES PLEASE

Revisited Comedy of Bohemian New York. Latent Capacity Audience at Oneonta Theatre—Lou Tellegen to Appear in City Soon.

The Greenwich Village Follies, described as a revisited comedy of New York's Latin quarter, made a big hit with a capacity house at the Oneonta Theatre last evening. Catchy songs, lively dances alternating with graceful and languorous steps by pretty girls in now gorgeous and then delicate shades of modern and ancient, oriental and occidental, costumes and robes, vaudeville stunts and burlesque opera were blended together in a production that equaled any seen here in a long time.

The long program contained not a dull number and the transitions from one scene to another throughout the entire show were as artistic as the various acts were entertaining.

The Micky brothers of the original New York cast created a sensation in their frock, dance, song, decided, out of the ordinary. Miss Mayme Gehue next to Eva Tanguay the highest paid actress who ever appeared on the Keith circuit, was highly pleasing in her various numbers. The sketches of Billy Barn and Charles Hall evoked merited applause and the work of Miss Melanien and Robert Dill and the dancing of Jeanette were much enjoyed. In fact, mention of the numbers which were out of the ordinary and worthy of special attention would include the entire program. All who were present may rejoice that they were privileged to witness a production as good as the best of its kind.

Manager Ed R. Moore states that in the near future Oneontans will have the pleasure of seeing Lou Tellegen himself in his production of "Blind Youth," an announcement of interest to all lovers of good drama.

BAPTIST STATE CONVENTION.

Three Local Churches Well Represented at Annual Gathering.

Some of the delegates to the annual state convention of the Baptist churches at Rochester, left yesterday for that city and the others will leave this morning. Each of the three Baptist churches of the city is being represented at this largest state gathering of that denomination which opens this morning and continues through Thursday.

In all ten delegates from this city will attend the convention. Yesterday morning Henry Saunders, Mrs. J. Farley and Mrs. Charles Eldred representing the First Baptist church and Rev. Dr. and Mrs. Charles S. Pendleton and Mrs. H. W. Sheldon of the Main street Baptist church left for Rochester. This morning Rev. Dr. E. J. Farley and Mrs. Claude L. Smith of the First Baptist church and Rev. and Mrs. S. B. Burd of the West End Baptist church will also leave for Rochester, thus completing the Oneonta delegation.

Don't Prod Your Liver to Action

NR Overcomes Bilelessness, Constipation, Sick Headache, Quickly. No Griping or Pain. Guaranteed.

The organs of digestion, assimilation and elimination—stomach, liver and bowels—are closely allied, and the proper action of any of these organs largely depends upon the proper functioning of all the others. "Whipping" your liver into action with cathartics is a great mistake. A better, safer, more effective method is to tone the whole digestive and eliminatory system with Nature's Remedy. This not only brings about immediate relief, but genuine and lasting benefit. It acts on the stomach, liver, bowels, and kidneys, and promotes digestion and assimilation, overcomes bilelessness, corrects constipation and quickly relieves sick headache.

Get your system thoroughly cleansed and purified for once. Stomach, liver and bowels working together in regular harmony, and you will not have to take medicine every day—just take one N. R. Tablet occasionally to keep your system in good action and always feel your best. Remember it is easier and cheaper to keep well than it is to get rid of trouble.

Get a 25¢ box and try it with the understanding that it must give you greater relief than any other laxative, or you will not have to take more. Nature's Remedy (N. R. Tablets) is a genuine and safe and recommended by your druggist.

Bodies of Four Unidentified American Dead Reach Chalons for the Ceremony

(By The Associated Press).

Chalons-sur-Marne, France, Oct. 24.—Four bodies of unidentified American soldiers who fell in the World War from among whom will be chosen America's unknown soldier for burial in the Arlington national cemetery were brought to the city hall in preparation for the simple ceremony. One body came from each of the four permanent American cemeteries in France: Romagne, Trun, Bony and Belleau Wood. The bodies of the four soldiers, head-quarters company second battalion of the 9th infantry was selected tonight by Major R. P. Harbould, in charge of the field operations of the American Graves Registration service, to choose the body for interment. Sergeant Younger will be one of the six pallbearers accompanying the body to the hall and was selected for this honor on account of his superior service record.

He is to choose from among the four Americans the one who will forever symbolize the sacrifice of America's sons in the war. These four bodies were picked from the list of soldiers buried in the cemeteries who were beyond all possibility of identification.

An American army truck brought the bodies to Chalons where a French guard of honor, composed of Poilus who saw action, took the coffins and carried them from the public square to a little room in the city hall while thousands of the residents looked on silently and uncovered. French soldiers rendered military honors. The coffins are of plain wood draped with the American flag, the room in which they lie is a mass of red white and blue flags and bunting.

The people of Chalons brought flowers and heaped them at the foot of the coffins. There were sad scenes when the French war widows came to pay final tribute to the American dead.

IT HAPPENED IN ONEONTA

And Is Happening to Oneonta People Every Week.

The case told below is not an uncommon thing. The same occurs frequently, and will continue to happen as long as folks have kidneys and overtax the kidneys.

G. F. Sprague, 497 Main street, Oneonta, says: "Some years ago I was down and out with my kidneys. I had sharp pains in my loins and in the small of my back and I could hardly stand at times. When I bent it was difficult for me to straighten and my rest was disturbed by the irregular action of my kidneys. The kidney secretions were highly colored and contained a brick-dust-like sediment. I used Doan's Kidney Pills and after taking six boxes I was cured."

Walking Under Difficulties

"Believe me, I suffered from stomach and bowel trouble right. This weekend me so that I could scarcely walk. I could do no work. This was my condition when I started taking May's Wonderful Remedy on the advice of a friend. Now I am working every day and feel better than I ever did in my life. It is a simple, harmless preparation that removes the actual causes from the intestinal tract and allows the inflammation which causes practically all stomach, liver and intestinal ailments, including constipation. One dose will convince or money refunded. Drugs everywhere. Adv.

BROOKLYN WOMAN SAYS COLAC BEST FOR PILES

"For several years I suffered with hemorrhoids. Have tried many ointments and suppositories, but without much relief. Finally a friend recommended COLAC PILE PILLS. I used them and was relieved. I have a friend whose case was much worse than mine—COLAC helped her more than anything she ever tried."—(Miss) S. Edwards, Brooklyn N. Y.

THE PARMENTERS.

First Number on Millford Lecture Course Friday Evening.

Millford, Oct. 24.—The first number on the Millford High school lecture course will be held at the Methodist Episcopal church on Friday evening of this week at 8:15 o'clock when the Parmenters will appear.

Mr. and Mrs. Parmenter give a program of dramatic gems in the form of plays and abridged versions of standard plays by the world's greatest authors. Interspersed throughout are fitting musical numbers. They successfully blend purpose, humor and pathos in a unique program of artistic merit.

Lewis Edmund Parmenter is a professor of dramatic art in Syracuse university, has been leading man with several big stage productions in New York and has been one of the Lyceum's biggest successes for the past six years.

Theda Fyler Parmenter is a graduate of the College of Oratory of Syracuse, has had professional stage experience and is a leading member of the Little Theatre Company of Syracuse.

Reserved seats are now on sale at Hickey's pharmacy.

NUXATED IRON

Helps make rich, red blood and revitalizes weak nerves

WEAK NERVES AND THIN BLOOD

RUIN HEALTH OF THOUSANDS WITHOUT THEIR EVER SUSPECTING THE REAL CAUSE OF THEIR TROUBLE—IRON STARVATION

An enormous number of people who ought to be strong, vigorous and in the prime of life are constantly complaining of weak nerves, headaches, pains across the back, disturbed digestion, shortness of breath, palpitation of the heart, a general "run-down" condition, melancholy, bad memory, etc., all as a result of iron starvation of the blood. There are 30,000,000,000 red blood corpuscles in your blood and each must have iron. Without iron your blood also loses its power, change food into living cells and tissue, and nothing you eat does you the proper amount of good—you do not get the full strength out of it and as a consequence you become greatly weakened both in body and mind. (If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained. Over 4,000,000 people annually are using Nuxated Iron. It will not injure the teeth nor disturb the stomach, because it is not acidic. It is iron in your blood and like the iron in spinach, lentils, and apples and not metallic iron which people usually take. Your money will be refunded by the manufacturer if you do not obtain stated results. Beware of substitutes. Look for the word "Nuxated" on every package and the letters N. I. on every tablet. Sold by all druggists.

Bears are more plentiful in the Catskill mountains this year than in a number of years before. They are particularly numerous in the vicinity of the Wittenberg, Cornell and State mountains, and in the valley of the East Branch of the Delaware. Along the East Branch there have been a number of complaints during the summer from farmers that the bears invaded their gardens and dug up vegetables.

At present one-half of the 21 towns in Chenango county are without physicians. At a recent meeting for the discussion of health problems in the county it was developed that Chenango has a death rate of 16.4 as compared with a rate of 12.3 for the entire state per thousand. The Rockefeller foundation has offered assistance to the amount of \$2,100 for county nurse service, provided the county will guarantee a budget of \$2,300 for a county physician. The state health department will appropriate \$2,100 for a second nurse and the Red Cross a like amount for a third.

A complete outfit for the distillation of corn whiskey was discovered at the home of Orson Baker near Walton last Friday. Baker and Herbert Manning were arrested and held in \$500 bail to await the action of the grand jury.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, gripping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects. Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Olive Tablets are purely a vegetable compound mixed with olive oil so you will know them by their olive color. Take one or two every night for a week and note the effect. 15c and 30c

WALK WILL BE PROVIDED

Following Petition Presented to Mayor
Cepcey, Residents of West End
Will Secure Walk for Winter Use.

During the past few days a petition
has been circulated among residents
within the city limits at West End
requesting that that section of Chestnut
streets has been in an impassable con-
dition for months and requesting that
if the concrete walk cannot be com-
pleted on the north side of the street
this fall that provision be made for
grading the walk and providing a suit-
able gravel walk over the unfinished
portion for use during the winter. The
petition, which was liberally signed,
asked that this temporary walk be
placed in condition at once.

Following the presentation of the
petition to Mayor Cepcey there was
a conference between the mayor and
the chairman of the board of public
works, Samuel Bors, City Engineer
Frank C. Gurney and Street Commis-
sioner E. H. Bull, which resulted in
orders being issued for the work to
commence this morning grading the
portion of the walk incompleted and
making provisions for a walk that
will serve the purpose during the winter
and spring months.

Owing to the number of newly laid
pipes causing newly filled ditches over
which it was thought unwise to lay
concrete walk until the ditches settle,
it was deemed inadvisable to construct
further extension of the concrete walk
at this time. The grading of the walk
will, however, provide a better sur-
face for the concrete use in the
spring. For the prompt action taken
once the situation was brought to the
attention of Mayor Cepcey, he is to
be commended.

STANFORD'S HORSES BACK

LOCAL MAN'S STRING OF FIVE
PACKERS AND TROTTERS AR-
RIVED FROM FREDERICK, MD.,
YESTERDAY.

Being Housed for Winter in Fine
Newly Equipped Barn—Made En-
viable Record of 31 Times Within
the Money Out of 36 Starts—Every
Horse Absolutely Sound and in Fine
Condition.

In the pink of condition after hav-
ing made an enviable record during
the summer trotting season, H. M.
Stanford's string of five horses ar-
rived in the city yesterday morning
for a well earned rest during the
winter months. The horses were con-
signed from Frederick, Md., where
they finished their season's work last
week.

They have made a splendid record
and are entitled to rest and rest
they will get in the barn in which Mr.
Stanford has spared nothing in mak-
ing a comfortable home for them.
Thirty-one times within the money
out of 36 starts is a record that it is
safe to say is seldom equaled. And
the 31 times the Stanford horses took
part of the purse, they got first money
9 times, second money 14 times, third
money twice and fourth money six
times. So it can be easily seen that
they got well above their share of the
big end of the stakes.

Of the five, the pacer, Silky Mac,
has made a host of friends wherever
he has appeared. Silky goes to winter
quarters with a mark of 2:13 1/4.

McClintock Lassie, the trotter, has
a mark of 2:18 1/4. Her record is most
remarkable for this is her first win
out and to her credit out of 10 starts,
she has four firsts, four seconds and
two places out of the money.

Timed separately in two heats, in
which he took second place, Robert
Ormonde at Frederick, Md., last week
paced the mile in 2:11 1/4 and 2:12 1/4,
respectively. Another year will find
Robert Ormonde amongst the lead-
ers and his many admirers just at a
wonderful season for him in 1922.

Brook Chenault, by Silent Brook,
has a mark of 2:18 1/4. This horse
took two firsts, two seconds, two thirds
and one fourth place out of nine
starts.

The fifth horse, Bo Peep, by Red
Wing Bingen, has a pacing mark of
2:17 1/4. Bo Peep is in fine condition,
and will make them hustle another
year.

The barn in the rear of Mr. Stan-
ford's home at 28 Elm street has
been remodeled so that it furnishes
facilities unsurpassed for caring for
the horses. Six new box stalls have
been built, electric lights installed
and the building equipped with run-
ning hot and cold water.

The Stanford horses raced only on
tracks of the highest class, where
competition has been keenest. The
summer itinerary includes the follow-
ing meets: Batavia, Caledonia, Per-
ry, Gloversville, Norwich, Oswego, One-
onta, Cobleskill, Danville, Conn.; Mil-
ton, Pa.; and Frederick, Md. That
the horses have come through the
season in absolutely sound and of
splendid condition testifies to the
ability of those who have cared for
and driven them.

Robert Ormonde May Race Betty R.
One of the keenest races of the sea-
son and one of friendly rivalry was
between Robert Ormonde and Betty
R., owned by Price of Cobleskill.
Betty R. won out in the five heat race,
but Robert Ormonde gave her the
closest competition of the season.

Mr. Stanford now proposes to stage
a match race between the two horses,
provided Betty R. has not been plac-
ed in winter headquarters, either on
the Oneonta or Cobleskill tracks. If
Mr. Price chooses to accept, the race
will be held within the next two
weeks and 50 per cent of the pro-
ceeds are to go to charity.

Wagon Overturned—Man Bruised.

At about 4 o'clock Saturday after-
noon, as S. R. Spender, a farmer re-
siding on upper East street, was turn-
ing with his wagon from Center street
into Walling avenue, the box on which
he was sitting accidentally tipped over
and Mr. Spender was thrown out,
striking on his left shoulder, which
was badly bruised and sprained. He
was taken to the Fox Memorial hos-
pital for examination and afterwards
returned home. The wagon did not
overturn and the team continued to
Main street, where it was stopped.

St. Mary's Athletic Club Organized.

The St. Mary's Athletic club met
Monday evening in the church hall
and organized a basketball team, con-
sisting of Kerwin and Alonini, for-
wards; Scott and Pahey, guards; Vaice,
center. Mohrari was elected captain
and Kerwin manager. Games have
been scheduled with Albany, Cobles-
kill, Binghamton and other surround-
ing towns. Scott was elected pres-
ident of the club and Vaice secretary
and treasurer.

NEW ESSEX PRICES.

Willer-Bailey Motor Company Selling
Improved Car at Big Reduction.

"Keen interest is awakened in the
new prices just announced by Essex
Motors," says C. R. Bailey of the Wil-
ler-Bailey Motor company, "which
mark an extreme reduction of \$600
on open models since September, 1920,
and of \$250 since last June."

The new prices, the company
notes known, reflect advantages taken
of the present and of anticipated mar-
ket conditions for the next year. On
open models the present price is \$130
lower than the Essex has ever sold
for. Total reductions of as much as
\$705 occur on some closed models.

"Our added interest to the buyer is
that these new lower prices apply to a
new and improved Essex. The new
car retains all the advantages of its
forerunner. In many ways it has been
enhanced in qualities that count for
smoother operation, greater reliability
and freedom from service attention."

"The original appeal of the Essex
was to those who wanted large, cap-
acious, comfortable and reliable with small
car operating economy at a moderate
cost. In that direction it pioneered a
new field and gained great popularity.
More than 50,000 are now in service."

"Essex established its performance
abilities through many notable official
tests. It earned for itself a wide rep-
utation through the character of its
performance."

"The new prices enlarge the field of
its appeal and it is through that that
the company regards with confidence
its ability to continue the present price
—volume alone making it possible."

onta theatre and Oneonta hotel, a

COMMUNITY CHEST DRIVE

Opens and With Little Time for Work
Before the Noon Day Luncheon
Subscriptions Totaled \$1,015 — To-
day's Report Expected to be Much
Larger.

Although getting off to a slow start
in the morning, the Community Chest
campaign showed signs of greater
activity yesterday afternoon with num-
erous workers busy canvassing. So
far as could be ascertained last even-
ing every team of the 24 in the men's
and women's divisions was receiving
contributions for the Community Chest
for the work of the 10 health and so-
cial welfare organizations of the city.
Only eight captains got their teams
under way in the morning in time
to render a team report at the work-
ers' luncheon at the Community
House. Those eight reported as the
result of an hour's canvass or so, 52
subscriptions for a total of \$1015.
With all 24 teams on the job yester-
day afternoon and this morning, the
East Committee is confident that the
report today will be much larger.

A delicious repast was served the
campaign workers by Mrs. Stanley
Kilkenny, cateress, the luncheon being
paid for by voluntary contributions
from workers in an "as you wish" box.
The brief meeting which followed con-
vinced the workers with the neces-
sity of getting to work at once, and
the enthusiasm showed during the af-
ternoon augured well for tomorrow's
reports.

ing the last two weeks. A brief de-
scription of this work is given in a
pamphlet which was distributed to the
residences of the city by the Boy
Scouts Saturday morning. A copy of
this pamphlet is carried by all cam-
paign workers.

JUDGE HUNTINGTON ILL.

City Justice Confined to Bed With
Influenza.

City Judge Frank C. Huntington has
been confined to bed at his home suf-
fering with a light attack of influenza
since last Thursday noon. The judge
felt ill on Wednesday but remained at
his duties and sat in the city court
Thursday morning. That afternoon
his physician ordered him to go to bed
where he has since been confined. The
Judge's friends will be pleased to
know that his condition was improv-
ed yesterday and that the doctor en-
dorsed hopes of his being able to
get out of bed in a day or two. Acting
Judge Lynn W. Hathaway is sitting in
the city court in the absence of Judge
Huntington.

THE LITERACY AMENDMENT

Citizens Comment Upon Proposed
Amendment to State Constitution
Making Ability to Read and Write
English a Qualification for Voting—
Are Unanimously in Favor of the
Measure.

Of the proposed amendments to the
constitution of New York state to be
voted upon at the general election No-
vember 8, perhaps none, with the ex-
ception of the one relating to civil
service preference, is of more general
interest and importance than amend-
ment number three, which provides,
in brief, that "no person shall, after
January 1, 1922, become entitled to
vote by attaining majority, by natu-
ralization or otherwise, unless such per-
son is able, except for physical disa-
bility, to read and write English." It
is considered probable that the
amendment will pass, although the op-
position of political bosses of the old
school may cause a heavy vote to be
cast against it in sections of the large-
or cities.

The amendment is not retroactive
and does not affect the status of illit-
erates who at present enjoy the privi-
leges of the ballot, many of whom
for one reason or another, have been
denied the advantages of even an ele-
mentary education. It does, however,
require that persons who are granted
the voting right, by attaining majority,
by naturalization or otherwise, after
January 1, be required to read and
write English.

A star representative interviewed
several prominent citizens yesterday
as to their views on the question and
discovered that sentiment among
them was unanimous in favor of the
addition to the state's basic law. Their
opinions follow:

Dr. George J. Dana, superintend-
ent of schools: "I am in favor of the
amendment. It is a step forward.
Ability to read and write English is
not necessarily a gauge of intelligence,
especially among those of foreign
birth who may have attained a splen-
did education in their native land, but
certainly no one is capable of casting
an intelligent ballot in this country
unless he can read English. He has
no way of knowing what it is all
about."

Dr. J. C. Smith, assemblyman from
this district: "I voted for the bill when
it came before the legislature and so
naturally am in favor of the amend-
ment. It can injure no one and
should help to raise the standard of
our citizenship."

Mrs. A. L. Kellogg: "I am heartily
in favor of the literacy test for voting.
Women's organizations have been
fighting for such a measure for a long
time. The proposed amendment
should have the support of everyone
interested in good government."

Dr. P. I. Dugbes, principal of the
State Normal school: "In my opinion
the proposed amendment, resulting in
a literacy test for voters is an excellent
piece of legislation. It has my un-
qualified endorsement."

Owen C. Becker, city attorney: "I
look askance upon proposed amend-
ments to the state constitution be-
cause it is my belief that the consti-
tution is already overburdened with
unessential provisions. However, the
amendment making literacy a voting
qualification is fundamental in nature.
It is an excellent measure and I am
heartily in favor of it."

HOWARD I. BLANCHARD DEAD

Member of St. John & Blanchard Electrical Firm, Well Known in Oneonta and Harpersville, Succumbs to Typhoid Fever—Funeral Tomorrow Afternoon.

Howard I. Blanchard, aged 37, a well-known and respected citizen of Oneonta, died yesterday morning at 2:30 o'clock at his home, 57 Maple street. He had not been in the best of health since last July, but the immediate cause of his death was typhoid fever, with which he was stricken a month before his death. Although seriously ill from the first, he apparently was well on the road to recovery last week. Sunday morning, however, his heart weakened and despite the best efforts of physicians he sank gradually and hope was abandoned Sunday evening.

Mr. Blanchard was born at Hartwick on January 9, 1884, the son of George Blanchard and the late Libbie (Coker) Blanchard, but much of his early life was spent at Schuyler Lake. When scarcely out of his teens, he came to Oneonta and spent most of the remainder of his life here. On June 6, 1906, he married Miss Rachel Wilson of Portlandville.

His first trade was that of a plumber and soon after his arrival here he went into business for himself. The business expanded considerably as the years passed and when he disposed of his Elm street store to E. J. House, he had built up a good patronage in electrical fixtures and plumbing. Mr. and Mrs. Blanchard left Oneonta in 1917 for Camden N. J., where they remained for one year, after which they took up their residence in Harpersville, N. Y. He conducted an electrical store at that place for two years and returned to his old home in Oneonta early this year, apparently glad to be back among his old friends and associates. Since his return, he had been a partner with E. R. St. John in the West End Electric shop on Lower Chestnut street.

Mr. Blanchard was a member of the Methodist Episcopal church and Odd Fellows lodge at Harpersville. He had a wide acquaintance about the vicinity and made many warm friends. In business life he was recognized as a man of strict integrity, while in the home he was a kind and loving husband. All his friends will join in extending sincere sympathy to the bereaved widow in her hour of sadness.

Besides his widow, Mr. Blanchard is survived by his father, George Blanchard of Portlandville; one sister, Mrs. Fred Starr, of Pine street and one brother, Charles Blanchard, residing on Mikel place.

Funeral services will be held at the late home Wednesday afternoon at 2 o'clock. Rev. Dr. B. M. Johnson, pastor of the First Methodist church of this city, will officiate and burial will be in the Worcester cemetery.

Mrs. Arthur B. Cossart Dies.

Katherine M. Cossart, widow of the late Dr. Arthur B. Cossart, formerly of Brooklyn, died early Saturday morning at her home in East Main street, in Norwich. Mrs. Cossart is survived by one daughter, Mollie M. Cossart, and one sister, Miss Addie Marsh of Norwich. Private funeral services were held Monday afternoon. Rev. Frank Dean Gifford of the Episcopal church officiating. Interment in Mount Hope cemetery. Her husband was a native of Westville, this county, and was a brother of the late Dr. James Cossart, who succeeded him in practice at Otego.

WIFE GETS DIVORCE DECREE

In Suit Instituted by Harry E. Green Against Laura J. Green—Court Reserves Decision in Windsor Hotel Barber Shop Case.

One of those rare surprises occasionally experienced in the courts was sprung in the divorce action instituted by Harry E. Green against Laura J. Green, and on trial at the term of the supreme court now in session in Cooperstown, tried before Justice Tutthill of Binghamton without a jury. The plaintiff had presented his evidence and it was not considered by spectators at least as sufficiently strong to result in a probable verdict.

When the attorneys for the defense had opened her case they placed the defendant on the stand and she offered several letters which the plaintiff had written to other women, but which had fallen into her hands. The court held that these letters had sufficiently proven her right to a divorce decree and it was granted her from the husband. Edson A. Hayward was the attorney for the plaintiff and Seybold & Seybold represented the defendant. During the day yesterday the court heard the evidence in the suit instituted by Earl Denzell against the B. E. Stewart Hotel company, in which he sought to compel the defendant company to execute a lease of the Windsor Hotel Barber shop in accordance with what he alleges was an agreement. At the conclusion of the evidence presented by the plaintiff, Owen C. Becker, attorney for the hotel company, moved to dismiss the complaint on the grounds that no evidence had been presented justifying the action asked of the court. Justice Tutthill said that unless authorities could be cited justifying the relief sought that he would be compelled to grant the motion made by Mr. Becker. John G. Johnson, attorney for the plaintiff, will be given time in which to cite cases upon the point raised.

A Harvest Supper.

At the regular meeting of the Queen Esther society held last night at the home of Miss Marjorie Deane, it was decided to hold a harvest supper November 12. The invitation of Mrs. Burton Todd to a Halloween party at her home next Monday evening was accepted and announcement was made that all of the young people of the church are invited to attend. Sixteen members of the society were present including three new members. Refreshments were served by the hostess.

MOCK WEDDING A FEATURE

From A. to B. of R. T. Hold Halloween Party Last Evening—Affair Greatly Enjoyed by Members and Guests.

A most grotesque and unusual October wedding was solemnized in Trainman's hall last evening when Mrs. Genevieve Cole became the bride of Mrs. Maude DeLong, Mrs. Anna Mills officiating. The bride was attended by Mrs. Carrie Lockwood and Miss Mildred Warner and the best man was Mrs. Harriet Decker. Mrs. Nellie Leonard acted as ring bearer and Mrs. Laura Blanchard as train bearer. The flower girls were Miss Helen Delamater and Mrs. Mary Harris. The bride was given in marriage by Mrs. Hazel Beardsley. The members of the bridal party were charmingly gowned in linen dusters, Spanish costumes and other creations of the prevailing mode. About 100 guests

witnessed the impressive ceremony. Yes, it was a mock wedding and it was the principal feature of the Halloween entertainment given by the L. A. to B. of R. T. in Trainman's hall last evening. The affair was largely attended by members of the order and their friends, many of whom wore clever and original Halloween costumes and was a grand success in every way. Prior to the mock wedding, recitations were given by Miss Teresa Morrell and Miss Lauretta Krehbaum; a reading by Mrs. Nellie Leonard; a vocal duet by Mrs. Arthur Reynolds and Mrs. Genevieve Cole; a piano solo by Miss Helene Tamsell; a piano duet by Miss Helene Tamsell and Miss Beulah Melius and several drum selections by master Maurice Reynolds, the clever youngster who has captivated many Oneonta audiences with his work.

Delicious refreshments followed the entertainment and closed an evening greatly enjoyed by all.

RE-DEDICATION AT LAURENS

METHODIST EPISCOPAL CHURCH REMODELLED AND MUCH BEAUTIFIED IN APPEARANCE.

Three Services During the Day With Sermons by Dr. B. M. Johns and Rev. J. C. Johnson and Rev. A. D. Finch — Reopened With Cost Amounting to \$5,100 Subscribed.

The Methodist Episcopal church at Laurens, which has been undergoing extensive repairs and betterments, was rededicated Monday with good congregations present at the three services of the day. The month gathering of the day, perhaps to the members of the church is that at the evening service about \$2,100 was raised, which, with over \$1,000 previously subscribed, provides amply for the cost, in fact it will assure that the exterior of the parsonage will be repainted and the church property in its entirety put in first class shape. The people responded handsomely to the appeal when presented last evening, and all were elected with the outpour.

The people of Laurens were privileged to listen to three excellent sermons during the day. At the morning service, held at 10:30 a. m., after the usual opening services, Rev. J. C. Johnson of the Elm Park church, Oneonta, spoke upon "All Things Are Yours." He emphasized the fact that "come to those who serve God faithfully." In the afternoon the sermon was delivered by Rev. A. D. Finch of Sidney, well known in the Otsego valley, he having formerly been pastor at Hartwick. His theme was the "Gospel Before Goodness of God, and in the treatment of the text he pointed out how God has made provision for all of man's needs and have all the great desires of the heart are but the finding out of God's goodness to men. The speaker said that God's goodness to man should inspire them to repentance, to love and worship Him, and to have faith and to trust Him for time and eternity.

Rev. Dr. Johns of the First Methodist church of this city was the preacher last evening and his sermon on "The Certainty of Love" was pronounced by all who heard it as one of the best to which a Laurens audience ever listened. He pointed out the many ways in which God has manifested his love for man and said that such divine love should beget in man a like love for God. During the evening a double quartet from Hartwick, headed by Rev. A. D. Finch, sang several selections, which, coupled with the excellent music provided by the choir of the church, added to the pleasure of the service.

After the impressive rededication service with Dr. Johns in charge and all ministers present participating, C. W. Pennington, chairman of the building committee, was announced. He stated that the total expense of the work had been \$5,100 and that \$2,100 was needed. Added by a checkbook, he soon had this sum oversubscribed, he proving quite adept. The subscriptions came faster than the secretary could record them and at the end it was announced that the amount will take care of any shrinkage that might come.

At the close of the afternoon service a "Lithers" association was formed with 17 charter members present with the following officers: President, C. W. Pennington; vice president, E. J. Hinch; secretary, S. C. Millard; treasurer, E. J. Irish.

The betterments to the edifice include an addition to the rear for a choir loft, hard wood floor, steel ceiling, redecorating throughout new electric lighting fixtures, a new furnace and other minor changes. The pastor, Rev. J. C. Finch, is proving a successful preacher and pastor and his people are working energetically. Visitors were entertained at luncheon and dinner in the church parlors, the ladies certainly serving appetizing meals.

DISEASE RESISTING TUBERS.

Delhi Agricultural School Offers New Strain of Potatoes to Growers.

Farmers are attempting to rid their live stock of disease but are forgetting that plant life makes possible the keeping of live stock has its enemies.

Potatoes are especially susceptible to permanent injury from disease. Several potato diseases show only in the growing crop and in poor yield. A few years ago a strain of the Rural family of potatoes known as Heavy Weights was developed in the western part of the state. These potatoes repeatedly outyielded competitors, seemingly for the reason that they showed no disease in the field.

The Delhi Agricultural School secured one bushel of this clean seed in the spring of 1920. These yielded at the rate of 412 bushels per acre that year, the field being planted in check rows. These potatoes planted in the spring of 1921 have yielded 417 bushels per acre. The present season, the rows being three feet apart with seed dropped at one foot intervals in the row. Ordinary seed of Rural New Yorkers belonging to the same family and used as a check yielded 117 bushels per acre. The Rural New Yorkers were planted the same day and treated in every way identical with the Heavy Weights. The Rural New Yorkers were like anybody's seed, gave a poor stand and had indications of blight. The Heavy Weights, on the other hand, were free from blight and produced a heavy crop of potatoes of which little is known. Both kinds of potatoes were protected from blight by the new method of dusting which makes it comparatively easy for the farmer to insure against blight. Such quantities of these high yielding Heavy Weights as the school can spare are to be distributed at regular market price among the farmers desiring them who are present at the potato lecture and demonstration Nov. 1 of the annual Farm and Home Days at the Delhi State school where lectures and demonstrations of interest to the farmers and the farmers' families will be given.

WEST ONEONTA SCHOOL FAIR.

Children in Junior Project Work to Exhibit Products Today.

West Oneonta, Oct. 24. — The annual school fair will be held in the West Oneonta school house Wednesday afternoon. Children from eight schools in the vicinity will be present and exhibit the products they have grown and made under the direction of the Junior Project leaders. At 2 o'clock a program will be given by the children. The public is cordially invited to attend the entertainment and see the exhibit, which is said to be unusually attractive this year.

HALLOWE'EN NEAR AT HAND

West End Taking Active Part in the Fall Fun—Enjoyable Party at Gage Camp—Ladies Learn How to Make Hats.

The arrival of the season of the year "when the frost is on the pumpkin" is heralded by the numerous Halloween events that are being scheduled or that already have been held, and West End is enjoying its share of the good fun.

Halloween socials are announced for next Friday night at both the Elm Park and the Plains Methodist churches. At Elm Park, the Sunshine class has charge of the program, the principal item of which is the supper that will be served early in the evening. The remainder of the time will be devoted to Halloween pranks and games. A cordial invitation is extended to all friends and members of the class.

The Epworth league of the Plains church will hold a masquerade social Friday evening at the home of Mr. and Mrs. C. A. Keith commencing at 8 o'clock. All members and friends of the Sunday school are invited, and each person is requested to bring refreshments.

A Halloween masquerade party was given last Saturday evening at Grand View camp, officiated by Joseph and Edna Gage of 210 Chestnut street. About 40 guests were present, all in full masquerade costumes. The camp was decorated in orange and black.

crepe paper with autumn leaves and evergreen twigs. In one corner sat a witch, who told many amazing fortunes during the evening. After unmasking, dancing and games were enjoyed by all until a late hour, when delicious refreshments were served, after which the friends departed expressing their thanks for a very delightful evening.

Appropos of the harvest season, a Harvest Home service was held Sunday afternoon at the Plains church. There was a large variety of food and vegetables on display, all tastefully arranged in the church auditorium. Rev. C. C. Vels, the pastor delivered a sermon appropriate to the occasion. The vegetables will be forwarded in a day or two to the children's home in Binghamton.

Ladies Learn How to Make Hats.

The Oneonta Plains Home Economics club held an enjoyable as well as profitable meeting last Friday afternoon at the Plains church. Mrs. Norton of this city gave a demonstration on the fine art of making hats, which proved very successful. After the demonstration, a social hour, with a tasty luncheon, was enjoyed. The meeting was one of the most successful yet held by the club.

How to Make Delicious Orange and Lemon Marmalade

Tasty Preserve, Formerly Made Only by Experts, Now Easily Made by Anyone at Little Cost

By a Jam Maker

The finest orange and lemon marmalade you ever tasted—said by some to be even better than the costly imported—can now be economically made at home by anyone who will follow a simple recipe. I use the Certo Process and have perfect results every time at low cost. With it, no more is the standing-over-night method necessary; no more is the boiling for at least two hours required and the result is never sticky or gluey like the old method. The Certo Process orange and lemon marmalade is excellent. The fine, full flavor of both fruits are preserved—it is not bitter but a rich tart taste. Everyone loves it on toast—makes fresh fruit at breakfast. And on hot biscuits or brittle crackers it is a confection.

The Certo Process for making this orange and lemon marmalade is very simple. From four oranges and two lemons peel off the skins in quarters close to the pulp and set aside. Break up pulp and remove seeds; add one cup of water and simmer in covered saucepan for three-quarters hour. Meanwhile boil orange and lemon rinds with eight cups of water in covered saucepan for twenty minutes. Drain off and discard water. With a sharp edged spoon scrape out and discard all the white part of the orange and lemon skins right down to the yellow rind. Then with a very sharp knife, shred yellow rinds just as thin as possible in shreds about an inch long. Simmer shredded rinds again with five cups of water in covered pan for fifteen minutes. Drain off and discard water and mix cooked pulp with rinds.

Measure four level cups of this mix-

ture into a large saucepan, adding if necessary enough water to the fourth cup to make it level full. Add eight level cups of sugar (3½ lbs.) and mix well. Stir the mixture hard and constantly and bring it to a vigorous boil over the hottest fire. Boil hard for three minutes with continual stirring. Remove from fire and add one-half bottle (scant half cup) of Certo stirring it in well. Then let stand for five minutes only. (by the clock) with occasional stirring to cool slightly and pour quickly.

The result of receipt above is twelve half-pint glasses of marmalade at a total cost of about 75 cents, or about one-fourth the cost of the prepared kind. Every economical housewife becomes enthusiastic when she tries this Certo Process with any kind of fruit—fresh, dried or canned or bottled fruit juices. Every housewife who likes to serve fruit foods, so necessary for children and sustaining for grown-ups, is making many new kinds of jams and jellies with the Certo Process. Receipts for all of them are found in the Certo Book of Recipes, a copy of which will be given you by your grocer or druggist when you get your bottle of Certo. Extra copies will be sent free if you write to Pectin Sales Co., Inc., 360 East Avenue, Rochester, N. Y.

Certo is Mother Nature's year-round jelly maker. It is the jellying principle of fruit itself—contains no gelatin, preservative or chemical. It is highly endorsed by every food expert who has tested it. Get a bottle of Certo from your grocer or druggist at once. Start the new economical, easy and quick Certo Process of making all jams and jellies. You'll never return to the old method. adv. 17
